12 Good Hill Road
Weston, Connecticut

Gala Proceeds Benefit

American Wanderer Foundation, since its founding 3 years ago, is proud to have awarded scholarships to over 40 campers from organizations such as Solar Youth, Inc., Achievement First, Amistad Charter Schools, Wounded Warriors, Operation Military Kids, Kids of Active Duty Military Personnel, and Kids with Deployed Parents.

We believe all children should learn first-hand about the natural wonders of America. Together, one child at a time, we can make the world a better place for them and all of us by creating the future stewards of our National Parks and our planet.

“They see the wide open landscapes out west and can see a wide open life”

AMERICAN WANDERER

FOUNDATION, INC.

American Wanderer Foundation offers scholarships based on need for kids to attend American Wanderer Summer Camp.

Testimonials:

"This program is important to our students because it widens their world view, which they bring back to the classroom. It allows them to better connect with books and provides them with context for their History and Science lessons. They reference their experiences in class seminar discussions, written reflections, and everyday conversations."

"They see the wide open landscapes out West and can see a wide open life before them."

I/We would like to attend the American Wanderer Foundation
